

American Society of Interior Designers (ASID) Honors AXENT.ONE C Plus with Esteemed 2019 Design Impact Award

NEW YORK, May 20, 2019 – AXENT Switzerland’s [AXENT.ONE C Plus intelligent toilet](#) was announced as a winner of the American Society of Interior Designers (ASID) 2019 [DESIGN IMPACT](#) Awards. Honored at the International Contemporary Furniture Fair ([ICFF](#)) in New York City, the Awards recognize innovative products that put people and the environment at the center of design intent.

The AXENT.ONE C Plus intelligent toilet was chosen by an esteemed panel of judges from a strong collection of entries to receive this recognition. Each candidate was judged based on: design objective and differentiation, design and technical innovation, market application and sustainability/health & wellness/resiliency.

“ASID is pleased to recognize AXENT Switzerland and the AXENT.ONE C Plus Intelligent Toilet as an ASID DESIGN IMPACT Award winner,” said Randy Fiser, Hon. FASID, CEO, American Society of Interior Designers (ASID). *“As the organization that represents the entire design profession (healthcare, workplace, hospitality, retail, and residential) we are proud to honor companies at the forefront of innovation who are focused on humancentric design. ASID believes that design impacts lives, and seeks to recognize companies who make that belief a priority in their work. We count AXENT Switzerland among those organizations.”*

Founded in 1975, ASID is the oldest, largest and only multi-disciplinary professional organization for interior designers, interior design students and the manufacturers and suppliers who support the profession. AXENT is honored to be recognized by the world-renowned ASID team for the AXENT.ONE collection’s exceptional design and environmental innovation. In addition to this tremendous recognition, AXENT celebrated the debut of the comparable [AXENT.ONE Plus wall-hung intelligent toilet](#) at the 2019 ICFF show. This intuitive intelligent toilet offers many of the same innovative cleansing features as the AXENT.ONE C Plus, with the additional appeal of a wall-hung installation that allows for a seemingly floating toilet system. This first-of-its-kind intuitive wall-hung intelligent toilet offers back over 5 inches of precious bathroom space and a more hygienic, easy to clean personal cleansing solution.

About ASID

ASID was founded over 40 years ago when two organizations became one, but its legacy dates back to the early 1930s. As we celebrate nearly 85 years of design leadership, we are leading the future of interior design, continuing to integrate the advantages of local connections with national reach, of small firms with big, and of the places we live with the places we work, play, and heal.
